

В своём браузере устанавливаешь расширение Unlimited Free VPN - Hola,
чтобы менять IP **КАЖДЫЙ РАЗ**, когда закончится очередной 2-х недельный срок со дня регистрации в ТСТ,
чтобы менять этот самый IP при посещении сайта ТСТ

The screenshot shows the Chrome Web Store page for the 'Unlimited Free VPN - Hola' extension. The header includes the extension's icon, name, and a green button that says 'ДОБАВЛЕНО В CHROME'. Below the header, there are tabs for 'ОБЗОР', 'ОТЗЫВЫ', 'ПОДДЕРЖКА', and 'ПОХОЖИЕ'. The main content area features a large image of the extension's interface, which shows a browser window with a message: 'This video is not available in your country'. Overlaid on this is a 'hola!' button with a sun icon and an 'unblock' button with a US flag icon. To the right of the main image, there is text explaining that the extension allows access to websites blocked in your country, company, or school. It also mentions that the extension is free and easy to use. Below this, there is a section titled 'Дополнительная информация' (Additional information) which includes the version number (1.34.852), the update date (23 февраля 2017 г.), the size (2.74MiB), and the languages supported (Показать все 47). At the bottom of the page, there is a section titled 'С ЭТИМ РАСШИРЕНИЕМ УСТАНОВЛИВАЮТ' (Install this extension with) which lists other popular extensions: ZenMate VPN, Gorn VPN, Browsec VPN, and NetSupport School Student.

Connect Your Account

1. [Click here](#) to download NinjaTrader

- If a window titled "Get Connected" pops up, click the "skip" button located on the bottom left side of the pop-up.

2. Open NinjaTrader and from the NinjaTrader Control Center: Click Help then click License Key

- Paste this license key @TST-COMB-INE1-RITH-MICF-REE2-LIVE-SIM3

 Copy

- Click OK

- When prompted "Do you want NinjaTrader to be in simulation mode on application start up?", select No

3. Next, click Tools, then click Account Connections

- Click Add, then click Next on the Connection Options menu

- For Connection Name, type TopstepTrader

- For Provider, select Rithmic for NinjaTrader Brokerage

- To Connect on Startup, click Enable

- For Historical Data, click Enabled, then click Next

- For Username, copy/paste (Check your email for credentials)

- For Password, copy/paste (Check your email for credentials)

- For System, click to select: TopstepTrader

- Click Next, then click Finish

4. Close Account Connection Set Up window

5. From the NinjaTrader Control Center, click File, then hover Connect to select TopstepTrader

6. You should now see a green box on the bottom left of your NinjaTrader Control Panel that says "Connected to Rithmic for NinjaTrader Brokerage"

5. Жмёшь
